

We got a request from "a budding filmmaker in the Middle East" to use a bit from our early-90's proto-Richard-Cheese side project MelloDeath. The song: a haunting version of Nirvana's swan song, "Smells Like Teen Spirit". We intend to rerelease the entire MelloDeath album at some point, but until then, here's an MP3 of that track, straight from the DAT master.

MelloDeath - Smells Like Teen Spirit
