

Hello from The Evolution Control Committee... in Sydney, Australia!

Big thanks to Shannon, Jen, and all those that made the Liquid Architecture festival in Sydney such a success. The ECC rocked it with a great show at Hermann's Bar that shook Aussie asses mercilessly! A great end to a great festival.

Above: a friendly face that we spotted at the Sydney Aquarium

Below: a warning sign at the aquarium... and good advice in general

Next Stop: Cairns, for the On Edge festival. Can't wait!

evolutionarily,

- The ECC
